PIANO

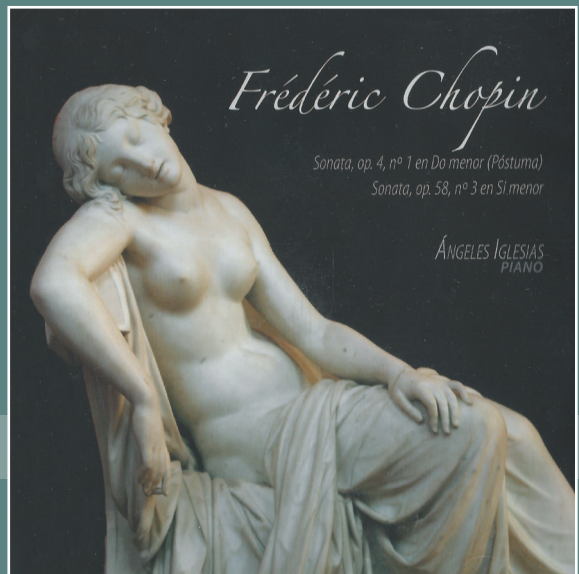

2015  
*Want List Entry*

“There were perhaps a dozen CDs this year that could have made my Want List, but the one listed here is among those closest to my heart. ...Iglesias’s reading of the First Sonata is especially notable for bringing to life a work in few pianists’ repertoires.”

- Dave Saemann

*“...Ángeles Iglesias,  
quite simply, is a  
musician’s musician.”*

- Dave Saemann
